

GLOBAL HEALTH PLANS AND SERVICES

Sometimes it's good to have a lot on your plate.

With a wide range of international health plans providing coverage for expats, travelers, students, missionaries and more, GeoBlue keeps your plate full of options. Our network of elite physicians in over 190 countries extends an all-access pass to an exclusive level of care worldwide. And because GeoBlue has the most complete set of benefits and services in the industry, you can feel confident that your clients' expectations will be exceeded.

Covering Your World with GeoBlue

Elite Global Provider Network

Outside of the U.S., GeoBlue has a distinctive process for evaluating medical providers that is unparalleled in the international insurance industry. GeoBlue has approximately 170 Regional Physician Advisors (RPAs) who are strategically located around the globe to identify the best doctors and hospitals to contract with in local communities. Only a small fraction of doctors around the world meet GeoBlue's exacting standards—participation is by invitation only. We seek out professionals certified by the American or Royal Board of Medical Specialties who speak English, and we factor in recommendations by over 158 Physician Advisors from all over the world. Through this selection process, GeoBlue has developed, and continues to expand, an elite network of contracted and profiled providers and facilities around the world. We have made a commitment to deliver Direct Pay for both inpatient and outpatient services. Our contracted network receives direct payment from GeoBlue so members will not have to pay and submit a claim.

Members who choose one of our long-term expatriate plans with U.S. coverage have access to the Blue Cross Blue Shield network. This network includes more than 95 percent of physicians and 96 percent of hospitals across the U.S.

Concierge-level Service

The dedicated GeoBlue customer service team is available 24/7/365 to assist members with finding providers, scheduling appointments, and addressing health concerns. GeoBlue provides support to members in need of access to quality medical care, second opinions, video conferencing, and medical evacuation and repatriation services. This team also assists members with planning for health care needs prior to departure. Our customer service center and global health resources teams are trained to address the needs of a global population.

GeoBlue Travels With You

With the GeoBlue app, world travelers have convenient access to the best local doctors, hospitals and resources anywhere in the world. Search providers for medical, dental, or mental health care and map them using GPS technology.

- **Request an appointment** with a trusted GeoBlue provider
- **24/7 telemedicine access** to virtual consultations with multilingual doctors worldwide
- **Arrange Direct Pay** for upcoming appointments to secure cashless access to care
- **Access issued Guarantees of Payment** to view and share with others including doctors and hospitals
- **Find a medication's** availability, generic name, and local brand name
- **Translate medical terms and phrases** for many symptoms and situations; use the audio feature to play the translation
- **Display an ID card** on a mobile device and email/fax a copy directly to provider's office
- **File a claim** either by entering information or sending a photo of a completed form (long-term plans only)
- **View country or city profiles** on crime, terrorism and natural disasters

Benefits of Partnering with GeoBlue

Simply put, it's easy to work with GeoBlue. Selling international health insurance is a natural extension of selling traditional medical coverage. It's a "foot in the door" with new prospects and an important product to lock-in existing customers, meet the need of your clients and further diversify your income.

A growing number of travelers and expatriates choose to leave home with a global medical plan. Given the choice, customers value a brand they can trust. Consider that 1 in 3 Americans are already covered by a Blue Cross Blue Shield plan. That's an environment of unrivaled opportunity.

International Travelers and Expatriates Need More Than Insurance

- Finding and receiving quality treatment abroad can be daunting
- Many hospitals require payment up front, resulting in steep out-of-pocket expenses
- Avoiding health and security hazards is essential in today's global landscape
- A costly event such as an air evacuation can be critical to access the best care

We Offer the Industry's Most Complete Solution

- From doctor visits to hospitalization to evacuation, members are covered
- Preferred access to elite doctors and hospitals ensures quality care
- We settle claims directly, so care is both cashless and convenient
- Illness and/or injuries related to terrorism or a terrorist act are covered
- Health and security tools and news alerts cover hundreds of destinations
- Convenient service is available via the web, mobile device or phone

GeoBlue Prepares, Protects and Assists World Travelers

GeoBlue does more than provide global medical benefits; our resources give travelers the medical intelligence, tools and 24/7 assistance to travel safely.

GeoBlue Product Portfolio

Plush Benefits. Unrivaled Technology. Unsurpassed Protection.

For over 20 years, GeoBlue has been dedicated to simplifying the international healthcare experience for the globally mobile. Our health insurance plans provide members with access to our hand-picked network of high-quality medical providers outside the U.S., all supported by leading-edge technology and 24/7 world-class medical assistance. All plans include medically necessary COVID-19 testing and treatment. Our plans are underwritten by 4 Ever Life International Limited, rated “A-” (Excellent) by A.M. Best.
